The Pursuit of Fame Is a Waste of Time

By John K. LeBaron.

Yet men covet it above all else. It often costs much more than it is worth. Fame and famine are closer friends than fame and fortune. Homer was penniless.

Whose fame is more secure? Xerxes was famous for his failures.

His many unsuccessful attempts to conquer Greece made him "a hero of de-The prudish have taboued Fielding, but Gibbon tells us that "Tom Jones" will outlive the parace of the Escurial and the imperial eagle of Austria.

Richard Savage was famous because Dr. Johnson wrote his biography.

How many read Tom Jones-"that exquisite picture of humor and manners"

Boswell was famous because he wrote Dr. Johnson's biography

Vicarious fame, however, is not very deep rooted.

Savage is forgotten.

Boswell is but little read. But Dr. Johnson, like Webster, "still lives."

That "most beautiful of all songs," "Drink to me only with thine eyes," is still a popular favorite, but its author is unknown. How many know that Bishop composed that heart-searching melody of "Home,

The actor is never famous.

He may be temporarily popular; noted in his day, but his day is brief.

Even the noted actors of the last generation are all but forgotten. Review the names—Edwin Forest. Edwin Adams, John McCullough, Charlotte Cushman, Edwin Booth-what will the next generation know of these artists? In 1894 Fannie Janauschek was a reigning favorite, a wonderful tragedienne. Five years later she retired. Five years later still, she died.

At her grave a fellow actor said: "If another object lesson were needed to impress upon us the ephemeral quality of that substanceless something which we call fame, here it lies."

"But vesterday the word of Caesar might have stood against the world: now lies he there and none so poor to do him reverence." The scroll of fame is not crowded.

The Emeralds of June declare "Immortal Life" is clear; July claims Diamond's "Purity"-freedom from spot or stain; August's sky-blue Turquoises stand for 'Worldly Gain.' September's Chrysolites proclaim: "Hope ever for the best;" The Beryls of October tell of "Happiness and Rest."

November's glowing Topazes are types of "Faithful Friends," December's blood-red Rubies sing: "God's power never ends.
